

Great opportunities available

Excellent opportunities to join Fenner Dunlop, market leader in the conveyor belt industry

Trainee Conveyor Technician - Rockhampton

No experience necessary. We will train you in splicing and maintenance of belts and you will complete a recognised industry qualification in Certificate III Rubber. You will have a drivers licence, ability to cope with heavy, physical work, have mechanical aptitude and preferably completed Year 12.

Conveyor Technician - Gladstone

Duties involve belt installation and splicing, pulley refurbishment and lagging. A driver's licence is essential. Trade background or other skills certifications an advantage.

To fit our culture you will need customer service skills, be able to work well in a team and have a positive "can do" attitude.

To apply please send your application to
Branch Manager, PO Box 1307, Gladstone, QLD 4680 or
e-mail: nolan.keen@fennerdunlop.com.au
