

SERVICE MANAGER

We are Australia's largest manufacturer of conveyor belts, market leader in the industry and proud of our commitment to being the supplier of choice with our customers.

We are looking for a Service Manager to join our Townsville Branch. You will be responsible for dealing with our current customer base and ensuring the continuation of the growth of the branch. You will also have proven ability to supervise and motivate teams, great planning and people skills.

You must have:

- Strong technical experience in an industrial or trades related industry;
- Proven ability to manage and build relationships with customers;
- Excellent interpersonal and negotiation skills;
- A high degree of motivation with a self-starter approach;
- Ability to look for strategic solutions to achieving Company objectives.

To fit our culture, you will be customer service driven with a positive "can do" attitude. We offer a competitive salary including a fully maintained car.

If you are successful in your application you will join a market leader that holds their people in the highest regard.

Please send your application to Craig Larkin, Fenner Dunlop Conveyor Services, PO Box 7541, Garbutt, QLD 4815, or email craig.larkin@fennerdunlop.com.au
